

ELECTRIC COIL BINDING MACHINE

EFFICIENT

PROFESSIONAL

PRODUCTIVE

FEATURES

- Adjustable full length durable electric coil inserter roller: durable EPDM roller provides high friction & easier insertion of larger diameters.
- Heavy-duty roller motor with thermal overload protection to prevent downtime. Foot pedal operated, making the coil insertion surprisingly fast and easy.
- U-shaped alignment channel to form a contour on the document spine for faster & easier insertion.
- Coil diameter selector and book thickness scale to ease the selection of the correct coil size matching the thickness of the document.

SPECIFICATIONS	
Binding capacity (coil diameter)	6 to 22mm
Insertion operation	Electric 300mm (11") long roller (115V or 230V)
Machine dimensions	360x240x130mm
Machine weight	5.5kg
Packaging dimensions	460x320x200mm
Gross weight	6.3kg
