

ELECTRIC COIL BINDING MACHINE

EFFICIENT

PROFESSIONAL

PRODUCTIVE

FEATURES

- Adjustable full length durable electric coil inserter roller: durable EPDM roller provides high friction & easier insertion of larger diameters.
- Heavy-duty roller motor with thermal overload protection to prevent downtime. Foot pedal operated, making the coil insertion surprisingly fast and easy.
- U-shaped alignment channel to form a contour on the document spine for faster & easier insertion.
- Coil diameter selector and book thickness scale to ease the selection of the correct coil size matching the thickness of the document.
- Coil pitch identifier to verify that coil pitch matches the punched pitch.
- Adjustable electric coil crimper to provide correct & consistent crimper angle for perfect crimping result on all coil sizes. No tooling necessary for the size changes!
- Quick & easy crimp of all coil sizes from 6 to 50mm.

SPECIFICATIONS

Binding capacity (coil diameter)	6 to 50mm
Insertion operation	Electric 300mm (11") long roller (115V or 230V)
Crimping operation	Electric crimper (115V or 230V)
Machine dimensions	365x300x185mm
Machine weight	8.4kg
Packaging dimensions	462x380x254mm
Gross weight	9.2kg
